PRICE TWO CENTS

FORMATION SOUGHT.

ATE WANTS TO KNOW ABOUT
HE DISCHARGE OF THE
COLORED TROOPS.

LS UPON THE PRESIDENT

ER HOUSE OF CONGRESS RE-
UESTS INFORMATION OF
CHIEF EXECUTIVE.

Washington, Dec. 7.—The senate called upon the president and the secretary of war to furnish all information compatible with the public interest regarding the discharge of the troops of the Twenty-fifth infantry. Two resolutions were unanimously adopted to accomplish this result, one to the president and the other to the secretary of war. The action followed a debate of two hours in which the merits of the discharge of soldiers received attention. Senator Penrose introduced a resolution requesting the president to send information regarding the discharge of the negro troops of the Twenty-fifth infantry, and Senator Foraker introduced the resolution directing the secretary of war to transmit all information in the possession of his department on the same subject. Both resolutions carried an identical amendment by Mr. Culberson asking specifically for the order to Major Penrose, commanding the troops, which directed him not to turn over to the authorities certain of the troops handed.

The debate developed along two distinct lines, one as to the propriety of the president for the information or of directing the secretary of war to furnish it, and the other an inference by a few senators in comment on the merits of the troops.

Harry Mitchell's EDITORIAL.

I am Minneapolis' most famous tailor. I make more suits and overcoats in a week than all the other Minneapolis tailors combined. I carry nothing but the very best fabrics, and make suits and overcoats for \$15.00, \$20.00 and \$25.00 that no other tailor can make for \$30.00, \$35.00 and \$40.00. I guarantee that no ready-made store could give you at any price.

I have got my mail order business down to a fine system, and by my self-measurement blanks, I guarantee perfect fit and satisfaction no matter where you live. Don't be afraid to write for samples. I keep three men busy doing nothing but sending out samples.

Write me a letter and tell me about the kind of clothes you have in your mind and I will send you the very latest patterns and self-measurement blank by return mail. I'm after your business, boys, and I want to hear from you at once. I can fit you just as well as I fit the city chaps, and as I pay all express charges you get your clothes for the same price the city folks pay.

Yours truly,
HARRY MITCHELL,
310 Nicollet Ave., Minneapolis, Minn.

sion, took the ground that in matters where congress had an absolute right to information in the possession of the executive, it had always been customary to direct a cabinet officer to furnish it.

Should Call on the President.

In matters where it had not this right and in which there was some doubt about the advisability of publicity, congress usually made a request upon the president if it desired the information with the understanding that it should be furnished, "if not incompatible with the public interest." This view was supported also by Mr. Foraker, while Mr. Lodge quoted precedents to the contrary.

Mr. Carter supported the propriety of calling on the president for the information. This was emphasized by Mr. Penrose, who said he had addressed the resolution to the president because the action had been by the president, and he regarded it as a matter of courtesy to ask him for the information.

Mr. Foraker read at length the testimony furnished by the war department. He said it appeared that murder, misprision of felony and perjury had been committed by someone—three crimes, for the punishment of any of which the Constitution secured to every man the right of trial before punishment. The right of the president to dismiss a man from the army was also involved. If he could dismiss a man he could dismiss a company, a regiment, a brigade, and, in fact, on the same theory, the whole army.

During the debate the report was current among senators that the president felt it would be a matter of courtesy if the resolution should be addressed to himself, and so strong, it was said, was the feeling on his part that he had intimated that unless this course was taken there would be no response.

LITTLEFIELD'S BILL DEFEATED.

House Votes Down Anti-Compulsory Pilotage Measure.

Washington, Dec. 7.—The house by a vote of 110 to 164 defeated the bill of Representative Littlefield of Maine removing discriminations against American sailing vessels in the coasting trade. This bill, commonly known as the anti-compulsory pilotage bill, has been the subject of many hearings in the committee on merchant marine and fisheries and has excited great interest throughout the lake and ocean shipping regions of the country. The debate raged for four hours and a half, a score of more of representatives participating in the discussion. The result of the vote was a surprise to the friends of the measure, who openly charged its defeat to the American Federation of Labor. Many votes of the Republican side, however, were secured as a protest against the invasion of the rights of the states.

The delegation from California, as well as representatives from other Western states, saw in the bill an opportunity to file a protest against restricting the rights of states to deal with the pilotage question at first hand and they availed themselves of the opportunity to go upon record.

GAVE MONEY TO BELEK.

Mrs. Vzral Paid Large Sums to Fortune Teller.

Chicago, Dec. 7.—The coroner's inquest into the death of Mrs. Rose Vzral, who committed suicide Wednesday because of the coming police investigation, developed the fact that she had given to Herman Belek, the fortune teller now under arrest in connection with the case, an aggregate of about \$3,000.

The police will ask that the body of Ella Vzral, the last member of the family to die, be exhumed for the purpose of a chemical analysis.

TREATY WITH JAPAN

NEW CONVENTION WILL BE NEGOTIATED ALONG LINES OF
CHINESE PACT.

WILL EXCLUDE JAP LABORERS

PROPOSED NEW TREATY SAID TO
BE SATISFACTORY TO CALI-
FORNIA PEOPLE.

Washington, Dec. 7.—A treaty between the United States and Japan will be arranged for the exclusion of Japanese laborers. This definite determination has been reached by President Roosevelt. He has abandoned the alternative plan of congressional legislation.

The negotiation of the treaty will be conducted here. The intention is to submit the convention before the adjournment of congress March 4. The document will be arranged by Secretary Root and Ambassador Aoki.

The president has had the plan in mind for several days, but he was not informed until Thursday by Ambassador Aoki that the government of Japan would welcome the exclusion of her laborers from the United States. Immediately after receiving this assurance, the president requested Senator Perkins of California to call at the White House to discuss the matter in detail.

The president asked Perkins if such a basis of settlement would be satisfactory to the people of California. Mr. Perkins said it would. He said the only opposition to the plan would come from the great corporations and agricultural interests desiring cheap labor.

The president told Senator Perkins that in negotiating the treaty he would feel his way step by step so that no additional affront may be given the people of Japan.

STANDS BY ITS DECISION.

San Francisco Board of Education Firm in Its Attitude.

San Francisco, Dec. 7.—The San Francisco board of education will stand by its decision to confine the Japanese school children to the Oriental school. The sentiments of President Roosevelt, as expressed in his message to congress, will not affect their position, according to President Altman of the board, who has announced that the board will do all in its power to correct the impression given out by the president's message, which says that the Japanese are excluded from the San Francisco public schools.

AGED MAN CRUSHED TO DEATH.

Trampled Under Foot by a Bunch of Steers at Chicago.

Chicago, Dec. 7.—John Searles, seventy-seven years old, of Buchanan, Mich., who was in Chicago visiting the livestock show, was crushed to death under the hoofs of a bunch of steers, which he was watching as they were herded over a runway into a pen. Searles was standing near the gate to the pen and as the animals crowded into the runway they forced him against a fence. Before he could be rescued he was knocked down and trampled under foot. Searles died while being removed to a hospital.

INTO THE HARRIMAN SYSTEM.

Interstate Commerce Commission Will Conduct an Investigation.

Washington, Dec. 7.—The preliminary steps incidental to the investigation of the relations of certain roads forming part of what is known as the Harriman system have been taken by the interstate commerce commission. Attorneys have been retained and arrangements made for beginning the hearings later in the month, the exact date of which has not been settled. Chairman Knapp estimates it will take at least sixty days to complete the investigation. The following statement was given out by the commission:

"The interstate commerce commission has ordered an investigation of the relations between the Union Pacific and Southern Pacific systems growing out of their common management and control. Messrs. Frank B. Kellogg and C. A. Severance of St. Paul have been retained to take charge of the investigation, which will extend from New York to San Francisco. A conference was held between the commission and counsel at which the general subject was fully considered, but the dates for hearings and other details have not yet been determined."

IN LAND FRAUD CASES.

Interesting Testimony Given by a Real Estate Dealer.

Omaha, Dec. 7.—Samuel M. Mann, a notary public and real estate dealer of Quincy, Ill., gave the most interesting testimony of the day in the hearing of Richards and Comstock, wealthy cattle owners, and seven alleged accomplices, charged with conspiracy to defraud the government of thousands of acres of public land.

Mann, who is an old soldier, filed on a claim and procured declaratory statements from a half dozen other soldiers at the request of Ami B. Todd, one of the defendants. Mr. Mann asserts that in the statements sworn to before him the name of F. M. Walcott of Cherry county, Neb., was originally entered as agent for the soldiers making the filings. After they left his hands the name of Walcott was erased and that of R. C. Noleman of Box Butte county, Neb., substituted in some, and that of Thomas M. Huntington in others. Witness said he knew no such man as R. C. Noleman. The other witnesses of the day were soldiers who filed at the solicitation of Todd or other agents of the cattlemen and their testimony was similar to that already given.

COMPROMISE SEEMS IN SIGHT.

Amendment to Ship Subsidy Bill Proposed.

Washington, Dec. 7.—Compromise on the ship subsidy bill seems to be in sight. At the meeting of the house committee on merchant marine and fisheries Chairman Grosvenor suggested an amendment to the Gallinger bill which will limit subsidies to the South American and Oriental trade. The suggestion was well received, although no vote was taken and Mr. Grosvenor is now engaged in preparing amendments for the consideration of the committee. The amended bill will be in harmony with Secretary Root's policy for the extension of trade, as outlined in recent speeches in the West.

Representative Watson of Indiana, the Republican whip, expressed the opinion that the committee can get a favorable report on a bill limiting the subsidies to Latin American and Oriental lines. He also said he had canvassed the house and is confident such a measure will pass.

Representative Grosvenor said that he believed his committee will report out the amended bill and that the house will endorse the measure.

BAD WRECK IN MAINE.

Message From Annabessacook Says Three Men Are Missing.

Waterville, Me., Dec. 7.—A message from Annabessacook, a small station on the Maine Central railroad thirty-five miles southwest of this city, states that a bad wreck occurred there at an early hour in the morning. The message stated that three men were reported missing. A wrecking train carrying physicians has left Waterville.

Portland, Me., Dec. 7.—The Maine Central railroad officials stated that no one was killed in the Annabessacook wreck. Two or three were slightly injured.

UNIVERSITY TO BE REMOVED.

Russian Poland to Be Deprived of Educational Institution.

Warsaw, Dec. 7.—Denevnik, the official newspaper, announces that the University of Warsaw would be removed to Sartov and the Warsaw polytechnic school to Rostov-on-Don. This will leave Russian Poland without a single university. The authorities refuse to explain or discuss this measure. It is supposed to be due, however, to the fact that since 1904 Polish students have declined to attend lectures given in the Russian language, preferring to pursue their studies in the universities in Austria and Germany.

TWO WITNESSES TESTIFY.

Shea Trial at Chicago Drags Slowly Along.

Chicago, Dec. 7.—Only two witnesses were on the stand during the day in the Shea trial. The first was Joseph Schultz, who testified Wednesday and was called for cross-examination. The second was William Kelley, formerly an officer of the Coal Teamsters' union.

For several hours the attorneys for the defense made a strenuous effort to impeach the testimony given Wednesday by Schultz, but were unable to change his story in any essential point. The attorneys endeavored to show that Schultz had entered a plea of guilty for a consideration of some sort and drew from him the admission that he had received an overcoat from an employee of a detective agency whose operatives have been guarding him since the commencement of the trial. Schultz, however, denied that he had been induced to plead guilty

and said that he expected to go to the penitentiary. Kelley gave evidence regarding acts of violence committed during the strike of which he had personal knowledge. He declared, in corroboration of the testimony given by Albert Young, that Shea had made the statement that with fifty volunteers to aid him he would put the nonunion men out of business.

TRAIN JUMPS THE TRACK.

Two Dozen People Injured in Wreck in Michigan.

Detroit, Dec. 7.—A southbound Michigan Central passenger train on the Bay City and Detroit division jumped the track two miles north of Otter Lake. Four people were badly hurt and twenty others were slightly injured.

The engine and baggage car did not leave the track but the smoker, cafe and parlor cars went off. The cause of the wreck has not been explained.

SERVED WITH SUBPOENAS.
Rockefeller and His Associates Must Appear Before Court in Missouri.
New York, Dec. 7.—John D. Rockefeller and his six associates who control the Standard Oil company have been served with subpoenas to appear before the United States circuit court in St. Louis on Monday, Jan. 7, next. United States Marshal William Henkel served the papers. Besides Mr. Rockefeller subpoenas were served on Henry H. Rogers, Henry M. Flagler, Charles M. Pratt, Oliver H. Payne, William Rockefeller and John D. Archbold.
In addition to these seven men, who are named in the federal government's charges with being the leaders in the Standard Oil company, Marshal Henkel served W. A. Harris, treasurer of the National Transit company, the Crescent Pipe Line company and other alleged Standard Oil corporations; S. A. Drew, secretary and treasurer of the Chesapeake Manufacturing company, and J. C. Peabody, vice president of the Swan & Finch company. His deputies made service of papers on eleven other Standard Oil men, officers of the seventy-one subsidiary companies, made defendants with the Standard in the government suit.
WILL BE HELD IN ST. PAUL.
Next Convention of the National Drainage Association.
Oklahoma City, Okla., Dec. 7.—With the adoption of a constitution and by-laws, the election of officers, framing of a memorial to congress and the selection of St. Paul, Minn., as the place for holding the 1907 convention, the National Drainage association, formed by representatives of twenty-seven states in Oklahoma City this week, adjourned its organization meeting. The officers are:
George E. Barstow, Barstow, Tex., president; J. S. Osborn, Coffeyville, Kan., vice president; A. S. Fellows, Bismarck, N. D., second vice president.
The selection of a secretary and treasurer was left to the executive committee.
The resolutions adopted by the convention commended the surveys and investigation of special drainage problems as conducted by the department of agriculture and asks that this work be continued on a more extensive scale.

SAME COAT STOLEN TWICE
G. H. Leffler has Overcoat Stolen out of Room at National for Second Time
HURLEY DOES GOOD WORK
Police Captain Recovers Coat and then Forces Thief to Admit Guilt
There is a hood in town and it is hanging around the National hotel. Whether it is room 17 or a certain overcoat belonging to G. H. Leffler is the question. About a year ago a man named Miller stole the coat but was apprehended and is now serving the state of Minnesota. The coat was recovered and last Sunday afternoon it disappeared from the same room, No. 17. The police were notified and Captain Hurley took up the case. He succeeded in learning that the thief turned the coat over to a red headed Englishman to trade off. He sold it to a machinist at the shops and Mr. Hurley soon located the coat and restored it to its rightful owner. From a saloon-keeper where the coat was turned over Hurley got a description of the thief and knew he had seen him before. He found him Wednesday night and took him in on the charge of vagrancy. Thursday night he got him into the sweatbox, and the fellow, a Swede named Wm. Peterson, soon admitted to stealing the coat and also to taking Mr. Leffler's watch and razor which disappeared with the coat, but claims to have lost the latter while drunk.
Landlord Hoyt, who was at the jail when Peterson confessed says too much praise cannot be given Officer Hurley for his good work in the case.

DO NOT LOSE THE STOMACH
Cure Catarrh by Breathing Hyomei—Sold under Guarantee.
The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs.
Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.
By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat, and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane.
H. P. Dunn & Co. have faith in the wonderful merit of Hyomei as a cure for catarrh as shown by the guarantee they give with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction.
A complete Hyomei outfit, consisting of a pocket inhaler, a bottle of Hyomei and a medicine dropper, costs but \$1, extra bottles of Hyomei, if needed, 50c. H. P. Dunn & Co. give their personal guarantee to refund the money if Hyomei does not relieve, so that you run no risk at all in buying this reliable remedy.

BOUND OVER FOR PERJURY
William Miller, Living Near Cross Lake Held to United States Court
IT WAS IN PENSION CASE
Sworn to Having Served in One Company when he Deserted From Another

Wm. Miller, whose arrest here a few days ago was noted, had his hearing before the United States Commission at Little Falls Wednesday and was bound over to the federal grand jury and ordered committed to the jail at Duluth in default of \$700 on a charge of perjury. It seems that Miller made application for a pension, swearing that he was an honorably discharged member of a certain company in a certain regiment during the civil war. According to the claim of the federal officials and the evidence at the preliminary hearing, he was in fact a deserter from another company of the same regiment. At least that is the contention of the prosecution.

Mr. Rider, deputy United States marshal, brought him up Thursday afternoon and took him to Duluth the same evening. Mr. Miller is a brother-in-law of the late Louis Kling and also of James Alexander, of this city.

The Little Falls Transcript of Thursday contains the following additional details:

"The plaintiff in the complaint states that the defendant is William Hoffman, instead of William Miller as he represents in his application; that he enlisted in a Pennsylvania regiment in the Civil war and later on deserted; that there was but one William Miller in the company, and that he is at present a resident of Pennsylvania drawing a pension under the name of William Miller. Much documentary evidence was introduced.

"The defense is that the defendant is the rightful William Miller, and the defendant claims that he knows of no William Hoffman, who was in his company and that he is justly entitled to a pension for service in the Civil war and further claims that he can show an honorable discharge from his regiment. He did not have his discharge with him, but claims that he has it in his home near Brainerd and can produce it on demand.

"The penalty attached to the crime alleged is a fine not to exceed \$500 or imprisonment not to exceed five years in any penal institution."

Passed Examination Successfully.
James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures back-ache and all forms of kidney and bladder trouble.

AMUSEMENTS

"Ole Olson"
Mr. Ben Hendricks, the favorite Swedish dialect comedian and Northland singer, comes to the opera house tomorrow night. He will present his everlasting play "Ole Olson." The story of "Ole" unfolds a plot of intrigue, love and comedy situations. The play is a clean, refined and gentle type and in the role of "Ole" Mr. Hendricks finds a character entirely suited to his peculiar style and one which affords him ample opportunity to display his superior ability as a vocalist and a comedian and his interpretation of the young Swedish emigrant is the best work which the talented star has ever done. Mr. Hendricks' songs always have a strange sweetness. Maybe it is the way in which they are rendered and maybe it is the melody, but nevertheless, it is there and the audience we are sure will not be slow to attest their appreciation. This season Mr. Hendricks will sing six new songs which have become very popular.

'Arizona'

"Arizona" accorded by the critics of the east and west the title of "Augustus Thomas' best play" comes to the opera house Monday, Dec. 10th.

Three companies have been insufficient to supply the demand for this excellent drama. People who are familiar with Mr. Thomas' previous works, "Alabama" and "In Missouri" will appreciate the distinction conferred by the implication in according "Arizona" the position at the head of the list of this writer's productions. "Arizona" had two record-breaking runs in New York City, and has played no less than fourteen profitable engagements in Chicago within the past four years. It will be given with an excellent company, with the same elaborate scenic investiture which was seen at the academy of music New York, during its memorable run, which was made after sketches by Frederick Remington.

Hollister's Rocky Mountain Tea purifies the blood, strengthens the nerves, regulates the bowels, aids the kidneys, cures stomach troubles, builds up the nervous force and repairs the ill effects of over eating. Tea or tablets, 35 cents.

Bids for Wood
Brainerd, Minn., Dec. 5-06.

The Board of Education of the Brainerd school district will accept sealed bids for any part of 800 cords of sound body green jack pine wood, 4 feet long, to be delivered at the several school buildings. Bids can be left with L. Hohman, at his confectionery store No. 618 Front street, or at the office of J. R. Smith, secretary, Sleeper block, on or before 5 o'clock p. m. on Thursday, Dec. 13th, 1906.

The board reserves the right to reject any and all bids.

L. HOHMAN;
Chairman of purchasing committee.

Public Speaker Interrupted.
Public speakers are frequently interrupted by people coughing. This would not happen if Foley's Honey and Tar were taken, as it cures coughs and colds and prevents pneumonia and consumption. The genuine contains no opiates and is in a yellow package. H. P. Dunn & Co. mwfwd

FARMERS INSTITUTE ANNUALS

Minnesota Institute Annuals left at the Dispatch Office for Free Distribution.

REPORTED FAKE MARRIAGE

Horace Alger, of Fort Dodge. Claims to Have Been Married in Brainerd Three Years Ago

The Twin City papers Wednesday contained a story from Fort Dodge, Iowa, stating that Louis Alger and Miss Anna Dittmer, of that city, were secretly married in Brainerd in 1903, and produced a license issued here to prove it. THE DISPATCH investigated the story and found it entirely untrue so far as the issuing of any license was concerned. A careful search of the records showed no such license issued. Clerk Johnston states, however, that he is acquainted with Alger who owned half a section of land in township 138, range 28, and visits Brainerd frequently. On a visit here several months ago Alger asked Mr. Johnston for a blank marriage license, stating that he wanted to have some fun with some of his friends, and Mr. Johnston let him have it. But it was not filled out and there has never been any return of any such marriage in this county.

SISTERS COMMIT SUICIDE.

Two Oregon Girls End Their Lives With Gas.

Portland, Ore., Dec. 5.—Ina and Minnie Hill, sisters, were found asphyxiated in their rooms by Hilda Hill, another sister, when she returned home from work. The dead girls left a note bidding Hilda farewell, but it does not state the reason for their act. The third sister is in a hysteria.

Danger in Asking Advice.

Farm, Home and Garden.

Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

The editor of this column is very glad to be able to announce that Supt. A. J. McGuire, of the Northeastern Minnesota Experimental farm, has promised to assist him in the conduct of this column. There is no better authority on conditions, etc., in this section of the state than Mr. McGuire and his contributions will be very valuable. He has also promised to answer all questions on farming and dairying in northeast Minnesota, which may be sent THE DISPATCH by its readers. If you have a question that is puzzling you send it to THE DISPATCH and Mr. McGuire's answer will appear in this column, thus helping your neighbor as well as yourself.

A Crow Wing county farmer asks THE DISPATCH to utter a word of warning regarding a scheme that is being worked in other counties and has been attempted in Crow Wing in forming stock companies to purchase stallions. A smooth talker will come into a community and work up a company, selling the horse, often worth \$250 to \$600 or possibly \$800, for about \$3000, getting a large number of farmers to take shares, representing that the cost will be small to each one, and that it is their duty to help improve the stock of the county. The papers are cunningly drawn, and as the horse is sold on time the few financially collectible farmers have to foot the bill for from three to ten times the cash value of the horse, who has been bought for a trifle, perhaps because he was known to be impotent. The farmers should use good sires to breed from, but it is much better to pay a good stiff service fee for a horse that is known and his foal of known value than to buy a horse who has a pedigree and may have nothing else to recommend him. It is all right for a number of farmers to unite and buy a stock horse. But if you do, put up your cash and pay for the horse. Then you will be in a position to go into the open market and buy a good horse for what he is worth. Otherwise you have to pay the other fellow's price and let him write the contract.

The same gentleman spoke also in advocacy of the co-operative creamery, making it plain that he believes in co-operation. The creameries were the foundation of the wealth of the Iowa and Southern Minnesota farmers and will be the making of this section and they are bound to come, but the farmers can hasten the day by intelligent co-operation. There will never be a time that the American people will not be able to pay a good price for good butter and they will do so. The increase in the production seems to be followed by an increase in price, showing that the more good butter the people get the more they want.

Food Commissioner's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kidney's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. WOMEN'S WOES

Brainerd Women are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must keep up, must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and ma y aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co's drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

BATTLE FOUGHT BETWEEN CON-STABULARY TROOPS AND PULAJANES.

FOUR SOLDIERS ARE KILLED

THIRTY OF THE NATIVES SLAIN AND MANY OTHERS WOUNDED AND CAPTURED.

Manila, Dec. 7.—A column of constabulary troops encountered a band of Pulajanes between LaPaz and Teragona on the island of Leyte Dec. 5. In the battle that followed four soldiers were killed and eight were wounded. Among the wounded was Lieutenant Ralph P. Yates, Jr. His wounds are not serious. Thirty Pulajanes were killed and many were wounded and captured. No details of the fight have been received.

ORGANIZATION IS PERMANENT. Interstate Senatorial Convention Is Formed at Des Moines.

Des Moines, Ia., Dec. 7.—The interstate senatorial amendment conference has adjourned but before adjourning it arranged for the perpetuation of its work by completing a permanent organization, which will conduct a campaign to secure from congress a call for a constitutional convention to consider the entire matter. Thomas A. Cheshire of Des Moines, Ia., was named chairman of an executive committee of five to take charge of the movement. His associates are Thomas J. Kernan of Louisiana, Frank C. Gundy of Colorado, W. R. Ellis of Oregon and C. M. Kimbrough of Indiana.

The work of this committee and the new organization will be directed towards securing from the thirty-seven state legislatures that meet this winter demands upon congress for calling a constitutional convention to which the conference unanimously committed itself. The organization chose for itself the name of "The Interstate Senatorial Convention," and Congressman Strode of Nebraska as its first president.

The conference committed itself only upon the specific senatorial election amendment and it prefers not to have a constitutional convention; if congress acts and submits this specific amendment to the states, then the convention will be dissolved; if it continues to refuse to do this, then the movement to secure a constitutional convention will be prosecuted vigorously.

The delegations of the conference were entirely harmonious and all of its final actions were practically unanimous. In all twelve states were represented by thirty-three delegates.

FLOOD DAMAGE AT CLIFTON.

Estimated to Be About One Million Dollars.

Morenci, Ariz., Dec. 7.—The Clifton flood was the most disastrous ever known there, over half the town being damaged, about twelve houses and ten other buildings swept away and between fifteen and twenty people drowned, mostly Mexicans. The water in the river is still very high. The high water mark was two feet higher than ever before. The people left their houses and slept on the hillsides around fires. The Chase creek district was almost wiped out. Great damage was done by the breaking of the concentrator dam in Morenci. The Coronado railway between Clifton and Metcalf was almost entirely washed out and it will take four weeks to repair the damage to the track.

Several Mexicans were shot for looting stores and houses. The smelter and works of the Arizona Copper company was badly damaged. The Herald printing office is a complete loss. The Era printing office was buried half way in mud and concentrator tailings. Nearly all the adobe buildings in the city collapsed.

The damage is estimated at close to \$1,000,000. The town will probably now be moved to higher ground.

BRainerd, MINN.,

and will render services to the sick Free of Charge

The Great German American staff of Physicians and Surgeons, consisting of German, Scandinavian and American Doctors, licensed by the state for the cure of all nervous, private and chronic diseases, are now permanently located at the Ransford Hotel and will render services FREE OF CHARGE. You need not bring money as consultation and advice is free. The German American Medical Institute having a large number of patients under their care in this county, have established a permanent branch office at Brainerd in the

Parlors of the Ransford Hotel

These eminent gentlemen have decided to give their services entirely free for two months, to all invalids who call on them before February 1st. These services consist not only of consultation, examination and advice, but also of all minor surgical operations. Their object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

The doctors treat all forms of diseases and deformity and guarantee a cure in every case they undertake. At the first interview a thorough examination is made and if necessary you are frankly and kindly told so, and they will give you such advice as may prolong your life. Male and female weakness also varicocele, rupture, goitre, cancer, deafness and all diseases of the rectum are positively cured by their new treatment. They have discarded the old remedies used for ages by the medical world and which it would be folly to depend upon any longer for they do not cure as thousands die depending on them for relief. If you suspect kidney trouble bring your urine for chemical and microscopical analysis. The surgeon in personal charge of the Brainerd branch office has had vast experience in London, Paris, Dublin, Heidelberg and Stockholm, go and consult this eminent physician, it matters not what discouraging reports have been made on your case, from any source, it matters not if you have been told that grim death stares you in the face. If there is the smallest thread upon which to hang a hope he will find it and will surely lead you to peace, contentment and health.

Don't fail to call as a visit costs you nothing and may save your life. NOTICE—Married ladies without their husbands, minors without their fathers will positively not be admitted to consultation.

FIRE IN HOLD OF STEAMER.

Causes Property Loss of About Two Hundred Thousand Dollars.

Philadelphia, Dec. 7.—Fire that burned for more than twenty-four hours in the forward hold of the steamer Cretan of the Boston & Philadelphia Steamship company, which has arrived here, caused an estimated loss of between \$150,000 and \$200,000. The flames were discovered Wednesday night while the steamer was off the New Jersey coast. The crew were unable to extinguish the fire and the Cretan came into port with the flames burning fiercely.

After the steamer was docked the Philadelphia fire boats came to the assistance of the crew and the Cretan was towed to Petty's Island in the Delaware river, where she was beached. The fireboats flooded the steamer and after several hours' hard work extinguished the flames.

The Cretan carried a cargo of cotton and woolen goods, raw wool and boots and shoes valued at between \$400,000 and \$500,000.
